

2021 AEP Student Scholarship

The Association of Environmental Professionals (AEP) is a non-profit organization of professionals whose goal is working to improve the skills of environmental practitioners and natural resource managers. The San Francisco Bay Area Chapter is dedicated to supporting students who are planning to engage in a career in the environmental field.

As part of our support endeavors, we are offering scholarships to students pursuing a career in the environmental field. We are pleased to offer at least one \$1,000 scholarship to an undergraduate student and at least one \$1,000 scholarship to a graduate student. Additional scholarships may be awarded based on final budget numbers.

AEP is currently offering complimentary Student Memberships amidst COVID-19! It is suggested that all scholarship applicants become AEP members: <https://www.califaep.org/membership.php>
