

AEP
PRESENTS

WHAT ARE AEP MEMBERS DOING DURING COVID-19?

MAY 20TH | 11AM - 1PM

California AEP is hosting a webinar with three example projects that AEP members are leading during life in the time of COVID-19. During this webinar, speakers will walk you through the work environmental professionals are still driving while social distancing. They will share project information and their practical tips for managing projects with remote teams. There will be time for dialogue or Q&A with the speakers! Let's take some time to connect and be inspired by our fellow professionals -- BYOE (Bring Your Own Everything).

\$25 MEMBER | \$75 NON-MEMBER
