

# Agenda

## 2025 AEP Renewable Energy Symposium

August 13<sup>th</sup> | 8:30am - 4pm PT | Virtual Program

**8:30 - 9:00am**

### **Opening Comments & Keynote**

**9:00 - 10:30am**

### **Legislative Update**

Sacramento has been busy putting pen to paper and enacting legislation. Join AEP's lobbyist to break down the ins, outs, and what's to come from the Capital.

**10:30 - 10:40am**

### **Break**

**10:40am - 12:00pm**

### **Lunch with the Lawyers: Panel of Attorneys Discuss Renewable Energy Permitting Processes**

Join some of California's preeminent attorneys for a lively panel discussion on the alphabet soup of permitting and judicial processes that are specialized for or have an outsized influence on renewable energy projects.

**12:00 - 12:30pm**

### **Lunch Break / Ask a Panelist**

**12:30 - 2:00pm**

### **BESS(t) Practices: How to Permit BESS Projects**

A multidisciplinary panel will highlight some of the best practices associated with battery storage, renewables, and energy resources in California's power grid.

**2:00 - 2:15pm**

### **Break**

**2:15 - 3:45pm**

### **Fed Up: Renewable Energy Developer Round Table Discussing Federal Implications and Updates in Permitting Renewable Energy**

This panel of seasoned environmental professionals working in renewable energy development will keep pace with our news notifications and doom scrolling as they share experiences, best practices, and lessons learned during the last 200 days.
